Chapter 1 – The Islamic Invasion of America and the West

The Islamization of America

It is the goal of radical Islam to destroy our Judeo- Christian culture, heritage and Constitution and replace it with Islam and Islamic law with an American Muslim as President of the United States. In his book, *The Islamization of America*, Abdullah Al-Araby, gives the following comments by Muslim leaders expressing their true goal regarding the transformation of America from a Judeo- Christian nation to an Islamic nation.

He reports that during an official meeting on Islamic- Christian dialogue, the Muslim leader explained to the Christians participating, “Thanks to your democratic laws we will invade you; thanks to our religious laws we will dominate you.”⁵

As far back as 1983, an influential Muslim leader named Isma’il Al-Farfuqi said, “Nothing could be greater than this youthful, vigorous, and rich continent (North America) turning away from its past evil and marching forward under the banner of Allahu Akbar (Allah is great).”⁶

At the dedication of an Islamic Center on Stockholm, Sweden in 1983, the speaker proclaimed, “In the next 50 years, we will capture the Western world for Islam. We have the men to do it, we have the money to do it, and above all, we are already doing it.”⁷

In 1984, the vice president of the Islamic College in Chicago stated, “My dream is that the USA will become an Islamic nation by the year 2000.”⁸

Omar Abdel Rahman is the blind sheikh convicted of the attack against the World Trade Center in 1993. In 1991 he called on Muslims to “conquer the lands of the infidels.”

Imam Siraj Wahhaj was the first Muslim clergy to offer a prayer in the U.S. House of Representatives. He said, “Take my word, if 6-8 million Muslims unite in America, the country will come to us.” He further said, “In time, this so-called democracy will crumble, and there will be nothing. And the only thing that will remain will be Islam.”¹⁰

Imam Zaid Shakir was the former Muslim chaplain at Yale University. He indicated that Muslims cannot accept the legitimacy of the existing (American) system.”¹¹

Another Muslim leader, Adman Nawfal, has said, “It will be very easy for us to preside over this world once again.”¹²

One month after September 11, 2001, a Muslim speaker at a convention in San Jose declared, “By the year 2020, we should have an American Muslim president of the United States.”¹³

Abdurahman M. Alamoudi is the influential founder of the American Muslim Council. He has told his Muslim audiences that the goal of Muslims in America is to turn the U.S. into an Islamic state, even if it takes “a hundred years.” He further says, “If we are outside the country [America], we can say, “O Allah, destroy America. But once we are here, our mission in this country is to change it.”¹⁴

Alamoudi was put in jail after pleading guilty to plotting acts of terrorism. Before then, he was an advisor to the Pentagon on Islam. In this capacity he created the Muslim chaplain corps in the U.S. military and placed Muslim chaplains in the military.

Omar M. Ahmad is the chairman of the Council of American-Islamic Relations better known as CAIR. CAIR is the “Islamic organization” of choice in Washington. It has tremendous favor and influence. While claiming to be an organization of peace and tolerance, CAIR recently barred the Christian Broadcasting Network from attending a CAIR press conference. Ahmad says, “Islam isn’t in America to be equal to any other faith, but to dominate. The Koran should be the highest authority in America.”¹⁵

In his startling book, *Infiltration*, investigative journalist Paul Sperry, provides shocking facts about the radical Muslim agenda to destroy our way of life. He quotes Donald Lavey who is an FBI counterterrorism veteran who also served as counterterrorism chief for Interpol:

“Muslim subversives have managed to build an impressive infrastructure of support for the bad guys like al-Qaida terrorist. Muslim subversives have been working clandestinely to undermine America’s constitutional government and the Judeo-Christianity on which it was built. Their goal is to replace the U.S. Constitution with the Koran and turn America into an Islamic state. Their strategy is to exploit the very rights and freedoms they intend to banish, while counting on the ever-trusting American people to remain blind to their true intentions.”¹⁶

Sperry says that radical Islamists have infiltrated every level of American life and cites the following alarming examples.¹⁷

1. A senior White House official of Persian origin has been put in charge of government contracting and outsourcing, even though congressional lobbying records show he once lobbied on behalf of a Muslim activist who is now a confessed terrorist.
2. The same official prior to 9/11 lobbied Congress and federal agencies to make it harder for federal law enforcement to deport Middle Eastern immigrants with suspected terror links.
3. An Islamic activist obtained a sensitive intelligence post at the Department of Homeland Security even though he failed to disclose his past association with the same confessed terrorist.
4. In their rush to recruit Arabic translators after 9/11, both the FBI and the Pentagon cut corners on background checks and hired Muslim translators in spite of their ties to various foreign military and intelligence agencies in Syria, Egypt, Pakistan and Turkey. Of course the translators can tell the FBI anything they want and the FBI would not be the wiser. At the same time, none of the 60 Arab-speaking Jews who applied were accepted because the Muslims would not work with them.
5. Laptops with classified intelligence about al-Qaida investigations have gone missing from the translation unit in the Washington field office of the FBI.
6. The FBI hired the daughter of a former senior Pakistani intelligent officer to translate the intercepts of Pakistani targets. About 6 months later, a secret FBI code was compromised, falling into the hands of the Pakistani government.
7. A Muslim FBI agent refused to wear a wire to secretly record a Muslim target of counterterrorism investigation because he was a friend of the person being investigated.
8. A Palestinian activist, who sponsors an orphaned child of a Palestinian suicide bomber, has free access to the White House through Karl Rove, the President’s friend and political advisor.

9. President Bush struck a deal with Muslim-rights groups to avoid describing terrorism as “Islamic.”
10. CAIR (the Council of American-Islamic Relations) is considered one of the most respectable and influential mainstream Islamic organizations in America with an open door to Washington’s elite. Yet, it has donated money to known terrorist organizations and three of its former top officials have been arrested for terrorist-related activities.
11. CAIR receives large sums of money from Islamic groups in the Middle-East with ties to terrorists.
12. CAIR has successfully won more than two hundred cases against U.S. companies for alleged discrimination against Muslims.
14. A Muslim social studies teacher who was on the Saudi government payroll is educating your children about Islam in public schools through sugar-coated textbooks and role-playing exercises in which kids “pretend to be Muslims” for weeks. Furthermore, the Saudi’s are giving millions of dollars to schools to fund their pro-Muslim propaganda through textbooks, teachers, and professors and establishing pro-Islamic Studies Department in major universities.
15. Saudi Arabia is also financing, with money from Islamic radicals, thousands of synagogues around the country with an Islamic fundamentalist message.
16. A large influential Mosque in Washington D.C. was the “home synagogue” of two of the Saudi hijackers who attacked the Pentagon buildings. The Mosque is owned and controlled by Saudi Islamic fundamentalist. At least four of the leaders of the Mosque have now been investigated for terrorist ties.
17. There are an estimated 200,000 Muslim inmates in our prison system. Most are African- American converts, and many are eligible for parole. Their Islamic chaplains are preparing them for their new life of freedom as radical Muslims who hate white people and the white people’s Judeo-Christian racist religion that enslaves them.
18. According to a leasing agent and former residents, the Saudi diplomats who stay at a Pentagon-area apartment building cheered the 9/11 attacks.
19. Finally, U.S. intelligence tells us that al-Qaida has trained approximately 120,000 terrorist. Thank to our “open door policies” for immigrants and people who sneak across our borders, it is estimated that we have about 5,000 of these terrorists in the U.S.
